

National Telecommunications Institute for Policy Research, Innovation & Training (NTIPRIT)

Workshop on "Internet of Things and Cloud Computing"

National Telecommunications Institute for Policy Research, Innovation and Training (NTIPRIT) is organizing a **2-day Workshop in Physical mode on "Internet of Things and Cloud Computing" on 16-17 June, 2022** for the officers of DoT units/LSAs at **NTIPRIT, Ghaziabad**.

The workshop aims to focus on the following aspects of **Cloud Computing and IoT**:

OneM2m Framework for IoT Interoperability, Communication Technologies for IoT, IoT Security, MMTC:5G for IoT, Cloud Implementation and its Dynamics, Virtualization in Cloud, High Availability, Disaster Recovery and Business Continuity Planning in Cloud, etc.

The sessions during the workshop will be taken by eminent speakers from NTIPRIT as well as Industry. **The venue for workshop is NTIPRIT, Ghaziabad.**

Nominations are invited from LSAs and DoT Units for the workshop. For the nominated officer, following information may please be given:

1. Name of officer
2. Designation
3. LSA/ DoT Unit
4. Official email for correspondence
5. Mobile number.
6. Staff number.

The nominations may be sent latest **by 10th June, 2022** on the email ID: **adg.ict-nti-dot@gov.in**

It may please be noted that NTIPRIT may limit the number of participants in the training. Besides, the officers attending the workshop need to make their own stay arrangements as per the applicable TA/DA rules.
