The issue of granting some concession to the serving employees of Department of Telecom, Department of Telecom Services and Department of Telecom Operations in the matter of provision of a telephone connection at their residence was under consideration for quite some time. In order to meet the challenges of fast emerging competition, need was felt to infuse sense of belonging in the employees of the Department and motivate them to work for the expansion, growth and betterment of the telecommunication services. - iv. The employees will not be required to pay one year's advance rental as security deposit.
- v. The number of free calls admissible would be as applicable to normal telephone subscribers. Calls beyond the permissible limit would be charged and payable by the employees.
- vi. The serving employees, who are already having a telephone connection at their residence in their name in private account, can seek exemption from payment of rental on that telephone. Refund of applicable security deposit on such telephones will be allowed.
