* The actual assigned bandwidth of the last sold block in the 800 MHz band in the Assam, J&K, North East and UP(West) LSAs, shall be restricted to 0.75 MHz instead of 1.25 MHz, in view of the pending field trial to ascertain the inter-band guard band requirement between 800 & 900 MHz bands. Charging of such block will be done on pro-rata basis. In case field trials show that the guard band of about 1 MHz between 800 MHz and 900 MHz bands is sufficient for interference-free co-existence of assignees in these two bands, the assignment of 0.75 MHz will be converted into full bandwidth of 1.25 MHz and accordingly will be charged on pro-rata basis.
