'Telecom Statistics of India' (TSI) is as an annual publication brought out by the Economic Research Unit, Department of Telecommunications, Ministry of Communications with the objective of providing a consistent and comparable time series data on India's telecom sector and to serve as a ready source of reference to enable further analysis.

The data has been compiled by ERU-STT Division from various sources including Telecom companies/association, TRAI, DGCI&S, PSUs like MTNL, BSNL etc. The international data/ tables have been sourced mainly from ITU data base. Accordingly, reference may be made to the respective original sources, (which are duly cited), with regard to the accuracy, adequacy or completeness of the information. As past data undergoes revisions, the same may not always match with figures published in the previous issue. This publication is presently for restricted circulation in DoT only.

The document has been prepared through the combined efforts of the Officers and Staff of the Statistics Section, Economic Research Unit. Particular mention may be made of Shri Amit Ray, Economic Adviser, DoT, who initiated and guided the work, Shri Basant Kumar, Joint Director, Shri Naval Kishore Dubey, Senior Statistical Officer who compiled the relevant data. Assistance rendered by Shri Itish Jain, Junior Statistical Officer of STT Section-Economic Research Unit, is also appreciated.

Suggestions and advice for further improvements are always welcome and may kindly be sent to amit.r@nic.in.

(Dr. M.R. Anand)
Pr. Economic Adviser
