Sub : Security Clearance before placement of purchase order for procuring equipments / software.

This has reference to the amendment to the Commercial CUG VSAT Licences (issued under NTP 99) / Captive CUG VSAT Licences / INSAT MSS-R Licences vide letter no. 842-725/2005-VAS/Vol.III dated : 03.12.2009 and Commercial CUG VSAT licence (migrated to NTP 99) vide letter no. 842-725/2005-VAS/Vol.III dated : 15.12.2009 for obtaining security clearance from the Government before procurement of equipment.

2. In this regard, the undersigned is directed to state that henceforth, all passive infrastructure equipment including diesel generators sets, test and measurement equipment, connecting cables, passive antennas, connectors, spanners, wrench, pliers, drill machines, tower material, float rectifier, power plant and its accessories etc, are exempted from security clearance procedure. Further, all the equipment / software manufactured / developed by Indian owned / controlled manufacturers are also exempted from the security clearance.

3. Henceforth, all the Service Providers are further directed to furnish complete information as per revised performa enclosed at Annexure – I while applying for security clearance for procurement of equipment. Time period of 30 working days would begin from the date on which the application complete in all respects is received in DoT. Applications for security clearance with incomplete information would be treated as invalid and any delay on the account of incomplete information would not be counted in the 30 working days mentioned in the above referred amendment.

4. The information in the revised performa should be furnished in quadruplicate by all service providers for security clearance for the procurement of equipment / software to expand network or roll out their services in the licensed service area.

5. Application for security clearance should be accompanied by an affidavit / undertaking confirming the full authenticity of the furnished information and the applicant company would be liable for penalty for violating the licence condition(s).

No. 10-15/2009-AS-III/193.

Dated: 18th March 2010

To,

All Access Service Providers (CMTS/UASL/Basic Services),
All ILD, NLD, ISP, PMRTS, VSAT & MNP Licensees

Sub: Security Clearance before placement of purchase order for procuring telecom equipments / software.

In continuation of DoT's letter no. 10-15/2009-AS-III/139 dated 25.02.2010 regarding subject mentioned above, the undersigned is directed to intimate the following guidelines for compliance with immediate effect:

- (i) The Service Providers should apply for security clearance for procurement of equipment/software in the prescribed proforma issued vide letter no. 10-15/2009-AS-III/139 dated 25.02.2010 (four copies to be submitted). The soft copy of the same should also be sent on e-mail to DoT (e-mail ID shall be communicated shortly).
- (ii) The following items are exempted from security clearance:
 - a) Passive equipment.
 - b) Equipment/software manufactured/developed in India by Indian owned /controlled manufacturers.
- (iii) Security clearance is required for the core equipments per-se and not its components.
- (iv) DoT shall grant security clearance for the procurement of the equipment expeditiously within 30 working days in accordance with the amendment of the License Agreement issued to this effect.
- (v) The validity of security clearance of particular brand and specification of an item for one operator/Licensee shall be a benchmark clearance for the industry for that particular item for two years from the date of original security clearance. Re-ordering of larger quantity of same equipments could also be done by Service Providers within a period of 2 years under intimation to DoT.
- (vi) The operation and maintenance of Telecom networks should be entirely by Indian Engineers; and dependence on Foreign Engineers should be minimal or almost nil

within a period of 2 years from the date of purchase after security clearance. DoT will amend License conditions as required.

- (vii) The hardware / software urgently required for maintenance purposes may not require prior security clearance. Only intimation to DoT would be sufficient which can be vetted from security angle in due course.
- (viii) The Service Providers shall mandatorily include a clause in their purchase order to foreign manufacturer(s) for Transfer of Technology (ToT) of all critical equipments/ software to Indian manufacturer(s) within a period of three years from the date of purchase order. This condition would be strictly enforced as this is one of the effective measures to reduce vulnerability in the long term. In case of Non-compliance, of the Transfer of Technology clause, the vendor/service provider shall be penalized. Criminal proceedings would also be started in this case. DoT would amend the Licence Condition(s) as required.
- (ix) Some of the service providers are making arrangements for pure services or managed network services from vendors. These vendors are not providing/selling any equipment/software to the service providers but merely providing services. Such procurement of managed services would not require security clearance. However, all laid down security clearance procedures shall be applicable to the equipment procured by the vendors in such cases which shall be obtained by the concerned Service Provider.
